

My favourite place

My favourite place is a small town called Velešín. It's in Czech Republic, near Český Krumlov (about 30 mins. with a car). It is very beautiful town with lots of gardens, and houses, just look at that beauty! I go here every summer with my grandpa, because he lives in Český Krumlov, and he has a cottage in Velešín. Even when it's not as big as other villages or towns nearby, Velešín has its own beauty. Every morning, there is a beautiful sunrise, and every evening there is also a beautiful sunset. I often go to look at it.

But the main reason why I like Velešín, is that there's a huge amount of lakes and ponds, so we usually go fishing with my grandpa. But if you think, that Velešín is „vidlákov“, then you are wrong. Velešín has its own Penny market, so now, you can't say anything 😊. Also, in Velešín, there's a small aquapark, and there's always a lot of people there (well, not now, according to number of certain substances in our climate).

Now, if you're hungry, let's look at some restaurants. In Velešín of course, you can't find some outstanding luxury, BUT, who needs luxury, when they can have an Asian restaurant! But if you don't like Asian food, there's plenty of bars and inns, so you can eat there instead. Or, you can just buy a Hot Dog in aquapark.

Now that we are not hungry anymore, let's get some relax! Grab that shovel, and help your Babushka at her garden! Done? Great my friend! Now, to some real relax. Make yourself a cup of coffee, grab a cookie from Penny market, and sit back into your rocking chair. Try to chill, and enjoy some free time.

Now, it's time for fishing! Eat your sausage with mayonesse now, or pack it with yourself. Grab a fishing rod, get in the car, and go to the nearest lake or pond. Sit next to the water, prepare your fishing gear, throw the rod into the water, sit into your fishing chair, and now, just wait, until it's way too dark, or it starts to rain. Now, you can go home! Lay into your bed, and...oh, you're asleep already...Well, I think that it was a pretty successful trip, according to how tired you are. Ok, so...Good night, I guess...

Good morning my friend!

Hurry up, to see the sunrise! Isn't it beautiful? Well, I think that it's time for you to go already... Then hurry up for the train. I would love to go with you, but I can't because I'm going to have some bread with butter, and a cup of tea, and breakfast is more important. So uh, bye bye my friend, and see you next time!
